Catapults Competition!

Students have been enjoying making catapults in their DT lessons this week, culminating in the tutor group competitions on Friday. Well done to Reece and Tom in 7VB and Aleksander in 7ES who were the winners! The final winner will be decided next week.

We've been busy in our enrichment sessions this week, with athletics, art, Chinese and letter writing in full swing. The letter writing club is excited to be forming pen-pals with residents at Lancaster Grange care home in Fernwood. We were thrilled to receive their completed questionnaires and responded with our first letter to them. We are really pleased to be able to develop this relationship with them, and strengthen our community links in Fernwood.

Our library has been open at lunchtimes for a week now, and it has been brilliant to see so many students taking out and reading new books. The library managers have been doing a great job of supervising the library and making sure it is kept neat and tidy.

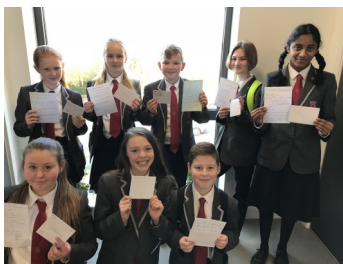

Students have been busy uploading house points into e-praise this week, well done to Skylark who are currently in the lead. See below for the student leader board!

Some examples of the catapults!
