SWEET SUCCESS IN SCIENCE THIS WEEK

After learning about the importance of collaboration between scientists in the discovery of DNA this week, Year 8 got the sweet taste of success as they constructed models of the double stranded helix using jelly babies to represent the four bases of the nucleotides. It

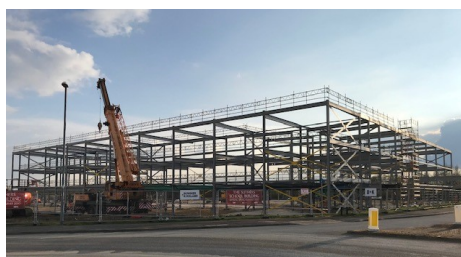

was great to see students working so collaboratively and making use of expert vocabulary as they worked to master the 'mechanics' of DNA—and as we reach the end of term, students in both Year 7 and Year 8 have been enjoying the sweet taste of success after winning our Easter Eggstravaganza prize draw.

PUPILS ON TOP AFTER TENACITY TEST IN MATHS

Well done to our top ten pupils (*see right*) in Year 7 and Year 8 who all put in top performances in the recent series of resilience challenges Mr Ubhi has set in Maths. The top 7 in each list are the top scorers and the additional three are those who showed great levels of commitment.

A GLIMPSE INSIDE OUR FUTURE HOME IN FERNWOOD

As those of you who follow us on Twitter may already have seen, we were delighted to be able to share a glimpse inside our new home this week, thanks to CPMG and Bowmer & Kirkland who have provided us with a video 'fly-through' of our new building which shows some of the bright and exciting spaces we can look forward to using next year.
