In school provision	
7	• Lessons, Classrooms, breaks and lunches are as normal (Covid zones) for students when they are in school.
8	• Each zone will have a specific room assigned for vulnerable students.
9	• Students will be provided with work and will not require computers for the vast majority of this.
10	• Where computers are required, Year group specific PC rooms will be available for certain vulnerable groups at certain lessons during the day

In the event that partial or full school closure is required, the following steps will be taken to ensure there is no loss of curriculum continuity for students:	
7	• Adopt a 'virtual school' approach whereby: • Onsite provision is maintained for vulnerable children and children of key workers
8	• Lessons are delivered live online via Microsoft Teams in line with the existing school timetable (subject to staff being able to access the school site) • Where live lessons are not practicable, suitably narrated and/or scaffolded offline content will be provided. • All students have access to a suitable device to complete their work and participate in online lessons as required.
9	• Staff set assignments for students via Microsoft Teams which link directly to the planned curriculum and take account of students' specific needs • Online platforms such as Bedrock, MathsWatch, Educake, Uni- Frog & GCSE Pod are used to supplement and support delivery of the planned curriculum • Tutoring and additional 1-1 and small group intervention will continue remotely (YipiYap) • Students without access to the internet and suitable device will be provided with work packs for all applicable subjects.
