## ALL IN THE NAME OF CURIOSITY

Curiosity was the focus of the day on Thursday as Year 8 travelled to London to see the award-winning National Theatre production of Mark Haddon's *The Curious Incident of the Dog in the Night-Time*—and even made time to take in some of the sights with a quick (and rather cold) trip to Trafalgar Square where the fountains, monuments and resident pigeons all sparked a great deal of intrigue and excitement. The production itself was nothing short of amazing; the lighting, music and incredible acting made for a truly memorable experience—as did the adorable little puppy! And so, with our first theatre trip complete, thoughts are already turning to where we might go next and to our very own production of *Hairspray* that we are working towards later this year! Details of dates / venue to follow!
