STAYING SAFE ONLINE #SID2019

As many of you will be aware, it was Safer Internet Day on Tuesday 5 February. This year's theme was 'consent confusion' and as part of our whole school assembly this week, students explored the risks associated with sharing personal information, sending messages as part of group chats and how you know where your data goes. Further support and guidance for parents and pupils is available from thinkuknow.co.uk. If you would like to find out more about how you can guide your child through the pluses and pitfalls of communicating online, please click [here](#). And don't forget, if you are concerned you can also report unwanted online contact via CEOP, the official online safety centre.
